Fete Senior Girls at Pre-Nuptial Party Last Week

On May 8th, six senior girls of Gould Academy were honored at a surprise pre-nuptial shower at the Community Room, given by the girls of '58.

The guests of honor were: Miss Barbara Plummer, Raymond; Miss Cleo Cole, Miss Janice Saunders, Miss Jane Bennett, Miss Carolyn Tibbitts, Bethel; Miss Claudia Hatch, North Waterford. They were presented with novel cookie jars as a remembrance of their classmates, along with many other nice gifts.

For entertainment, skills were presented prophesying what each girl would be doing one year from that date. Refreshments followed.

Attending were the Misses Betty York, Pat Kittredge, Judy Andrews, Martha Brown, Ellen Lord, Pat Morton, Sandra Olson, Mildred Bates, Colleen Tibbitts, Pauline Gaudreau, Pat Browster, Nancy Haines, Kaye Blake, Roberta Heath, Carolyn Sprague, Margaret Wilson, Jeannie Newton, and Norma Ford.

Also attending were: Mrs. Lynn Bennett, Mrs. Shirley Bates, Mrs. Raymond Bennett, Misses Betty and Roma Bennett, Mrs. Geraldine Mackie, Mrs. Lloyd Cole and Mrs. Elizabeth Lapham, Miss Mary Whitney, Miss Nellie Macdougall, Miss Verna Swift and Miss Alice Duffy.

Unable to attend were: the Misses Florence Merrill, Nancy Decoster, Mary Luxton and Judy Van.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

A 22½ ton car of calcium chloride was received this week. 12½ tons has been distributed to gravel roads direct from the car. Usually conditions have not been so that this could be done, but by distributing direct from the car to the highway saves the cost of rehandling. One ton is reserved for winter use, the other nine tons will be used later in the season for a second application. Calcium chloride acts as a binding agent for gravel roads. It helps prevent the gravel from blowing away and eliminates dust to a large extent.

Last year considerable work was done on the Flat Road Cemetery. Myron Morrill has been employed to care for this cemetery again this year. Present plans are to keep it cleaned up and mowed with a power mower.

Lucian McAllister is presently working in the Steam Mill Cemetery. There is considerable work to be done. Last year it was sprayed with a chemical brush killer. The dead bushes and stumps are being removed as well as picking up loose rocks. The ground is being raked so that the area can be mowed with a power mower. There is much work to be done straightening and repairing stones. It is doubtful if everything will be done this year that is desired, but at least a good improvement will be shown.

The second tax anticipation loan was made this week at the Casco Bank. These loans to the town now amount to \$50,000.00, and are to be repaid on Dec. 31, 1958.

Sincerely,
Harold L. Bean

1958 LIST INCLUDES TWO NEW FAIRS

For this first time in several years, two "new" Agricultural Fairs are being held on the Maine Department of Agriculture annual Fair Roster.

There's one truly new group. Cider Town Fair Association scheduled to operate Cider Fair on September 12 and 13. Secretary of the organization is Theodore H. Russell.

The Westmont Valley Fair is to be held at Athens on September 13 for the first appearance since pre-war World War II days. The fair has had its inception in a county that years ago was prominent in the Agricultural

SCHOOL NEWS

Grade 2 Mrs. Hastings

We are going to have reading tests sometime this week. We hung a Maybasket on Mrs. Hastings last Friday. Paul Vachon brought his science project. It was very interesting. It was about airplanes. We have twenty more days of school. We get out the 10th of June and have a picnic on the 11th. Reporters, Linda Lowell, and Gertrude Waldron.

Grade 6-Doris Lord

We had our Metropolitan Achievement tests and Iowa Reading tests this week. Diane Lathrop and Donald Young are back after a long absence. Mr. Harold Sawyer and Mr. March of Portland visited our room for the World Book Encyclopedia. Mr. Sawyer spoke on birds. Our room hung a Maybasket to Mrs. Lord, Monday. Lorraine Eames and her brother, Sam, are sick with scarlet fever. Reporter, Corey Brown.

Grade 6-Miss Varner

Monday we all had Silent Reading Tests. The results of these will tell on what grade level we are reading. In Science we are studying about Spheres. In our room nine boys have signed up for Little League Baseball and two for Pony League. Last Friday we had a movie on the State of Washington. On our Spelling Chart, for the past five weeks, the score is 92 to 93. Each point stands for 100. After Tuesday of this week, there are 29 days of school left in this school year. We are selling tickets on the picnic basket for the Teachers Club. The money is used for a scholarship fund for a young boy or girl who plans to go to a teachers College. Reporter, Grace Haines.

Grade 8 We are all glad to have our first

MAN'S RECIPE

SISTER MILDRED'S AMERICAN CHOC MEY

Sister Mildred is an excellent cook, but I wish she would not bake strawberries and ice cream so frequently for dessert. Not that I don't like the berries and ice cream for it is one of the best of desserts. But when she can make such a good prune cake with that scrumptious mocha frosting, seems as though she could consider her brother's hankering for a little more often.

I am a minister's son with three sisters and no brothers. Thank the stars I am the oldest in the family, for it would be an almost impossible situation to be a minister's son and have three older sisters. As it was, I had to struggle against overwhelming odds.

We all like good casserole dishes and this is a top concoction. It can be made well ahead of time and the flavors amalgamate well. For a sit-at-the-table meal or for a buffet party, it is a satisfying delicious dish.

Grate two large onions until soft but not brown. Take onions from spider and put in two pounds of hamburger. Keep stirring with fork until red disappears from meat.

Parboil four large peppers quartered, for five minutes, and cut into small pieces. Roll together

Peat world and today has one of the largest Windsor Fair the year being held August 25 through September 1. Back in 1820 Halliwell in Hender was the scene of the first exhibition of the Maine Agricultural Society. In the same period the Winthrop Agricultural Society of Hender held annual shows, and its activities led to Legislature's passage of the Maine Fair Law of 1827 which provided a blueprint for Maine Fairs.

There have been many changes in the last 13 years and on March 10, 1958 the State Department of Agriculture announced the payment of the largest State Fair Grant in history. \$100,000 to the State which qualified for the \$100,000 grant by showing a small share of state capital and gas to Fair in proportion to population.

LUCKY 13 4-H

We met on May 12, 1958. The meeting was called to order by the President.

We discussed when and where we wanted to have our tour. It is a tour of our club projects and a picnic.

We made a tossed salad and mayo muffins for refreshments. It was very good.

Reporter, Beth Brown

The Buttonville Cookies of Bethel met May 12, at the home of their leader, Ethel Robertson. Our subject matter was cooking. We are planning to go to church in East Bethel the 18th, which is 4-H Sunday. Refreshments were served by Peggy Baker and Bettorae Cole. Club Reporter, Grace Haines.

The Lucky Clover 4-H Club met Sunday afternoon, May 11, at Mrs. Rodney Howe's. There were 19 members present and the leader, Mrs. Agnes Haines. All members were solicited for the food sale to be held Saturday, May 17. The next meeting will be held May 25 at Mrs. Agnes Haines'. Reporter - Sue Howe.

Brownie Troop 2A held their last meeting Tuesday after school. We hung a Maybasket to our leaders and then had a birthday party for Kathy. We played singing games and pantomimes. We had birthday cake and candies and punch. We hope for good weather when we have our picnic. Sylvia Kimball, Secretary.

Exams over with. Monday we had an English exam. Tuesday Mr. Vachon came to discuss the courses at Gould. We are practicing graduation with marching singing and parts. Reporter, Elizabeth Waldron.

are small package of spaghetti and a half cup rice until tender. Blend all items with sauce and add tomato soup, two tablespoons tomato catsup and 15 stuffed or sliced olives.

Place mixture in casserole and cover with a thick layer of bread crumbs. Dot generously with butter. Let mixture stand four hours before baking. Bake at 350 until well browned and serve piping hot. If you like a one-dish meal and one that is good the second and third day, I hope you will try this. If I praise this enough, Mildred may make me a prune cake with that mocha frosting.

HIGHWAY PICNIC AREAS

OPEN FOR SEASON

The State Highway Commission has its 200 roadside picnic areas opened for the season.

Department crews have been busy during the past few weeks readying the areas for use. Grounds have been cleaned, and tables and trash barrels given a fresh coat of paint. Eighty-five new shelters have been built during the past year so that picnickers will be able to stay dry during damp days and out of the sun when it's hot.

Tourists enthusiasm for cooking out has resulted in increased fire-building. To take care of this need and to provide a safe place to build fires, the Highway Department has provided over 100 new fireplaces.

A new edition of a leaflet entitled "Maine Roadside Picnic Areas" which lists the location of all areas and the facilities available can be obtained by writing the State Highway Commission, Augusta, or your local information bureau.

GOULD ACADEMY

Gould Sweeps Doubleheader

Gould Academy continued undefeated by downing Norway here last Friday 16-2 and 5-4. A big nine run first inning upset Norway and Gould went on to win a one-sided 16-2 victory. Al Sumner was the winning pitcher, scattering 11 hits, striking out 10 and walking none. Bill Black pitched excellent ball in the night cap and received credit for the win although he needed assistance by Sumner in the final inning. Al came in with the bases loaded to tie out a 5-4 thriller that had the fans on edge in the final out. Norway's Thurston pitched a fine game too as he allowed only six hits while Gould and Miller of Norway were the only players to get two hits. Gould with a 4-0 record has a one-game margin over Dixfield in the Western Maine Conference.

Gould Tractored Team

Cong 16-1 to 40-12

Gould Academy, winning 6 events and dividing 1, had little trouble downing Cong High, Augusta, 22-10. The visitors won only 2 events and divided one. Guy Whitten continued his victories in the two hurdle events and the broad jump. A second place in the high jump gave him a total of eighteen points. The second high scorer was Cong's York, who won the high jump and the javelin for 16 points.

Scoring for Gould were Whitten 18, Karpovich 7, Christie 6, Cummings 6, Weston 6, Grover 6, Carter 3, Wright 3, Gallagher 2, Murphy 1, Ordway 1, Newsum 1, and Lincoln 1. The Gould track and field men now have a record of 5 wins in as many starts.

Results — won by Cummings (G), 2 Karpovich (G), 3 Ide (G). Distance, 112 ft. 2 in.

Pole vault — the far first between Hagen (G) and Karpovich (G) 2 ft. between Lincoln (G) and Hagen (G). Height, 9 ft. 8 in.

Gould Paris Friday

Gould Academy will play host to South Paris in a Western Maine Conference game on Friday. The game is scheduled for 3:15 on Adams Field. The Academy has a win over the Cardinals, but anything can happen to high school football and South Paris may be going all out to continue the victory streak. Either Bill Black or Al Sumner will be on the mound.

Assembly Program

Hedley Hepworth, the well-known British actor-of-the-platform, will present another of the School Assembly Service program at Gould Academy on Monday, May 19, at 8:00 p. m. This season he is portraying such figures in world literature as Rip Van Winkle, Scrooge, Ebenezer Scrooge, Mr. Cobbs, and Dr. Jekyll and Mr. Hyde. The program is an extensive Mr. Hepworth uses costumes, make-up, changes being made to full view of the audience. Before each impression he gives a background explanation.

Hepworth is known and admired even outside the United States and England. In Paris he gave a program for the Professors de la langue Vivante de la Seine and scored a tremendous hit.

While attached to the British Secret Service in World War II, the actor impersonated a stowaway, frequenting pubs to find out which sailors and others were talking subversively. Not once was his guile discovered. He was also a popular entertainer of British soldiers.

HOW TO DRIVE

A tip from the AAA's driving guide for adults.

USE YOUR REAR-VIEW MIRROR

Traffic hazards are not confined to obstructions and cars in front of you. A good driver keeps himself constantly informed on what is going on behind him. He never stops, slows or turns without first checking to the rear.

Interior rear-view mirrors are standard equipment on all cars, and they are adequate to show you what is directly behind your car. However, these standard mirrors usually leave a large blind spot in which an entire car positioned just off your left rear fender can be hidden from view. Unless you have an outside mirror which covers this blind spot, you should always turn your head and look back over your left shoulder to "clear" this spot before turning left or changing lanes.

Your rear-view mirror is a safety device. Use it often.

FOREIGN TRADE AND NEW ENGLAND

The Committee of American Citizenship leaders whose 14 American-flag member firms operate more than 200 cargo and passenger vessels over 24 separate foreign trade routes has been conducting a series of studies showing the importance of this trade to industry, agriculture and employment in various sections of the country. Its latest study concerns the New England states, and is published in the March issue of its Bulletin, Maritime Affairs.

When summed up in capsule form the facts are remarkably impressive. American-flag ships help bring in all manner of raw materials essential to New England industry—wood, rubber, oil, sugar, iron ore, bauxite, etc. Altogether imports at New England ports in 1956 were worth \$544 million, and the area itself was the consumer of \$260 million of this.

In the same year, New England industry provided jobs for more than 1,500,000 workers, with earnings of over \$4,300 million. About 1,200,000 of these jobs, representing earnings of more than \$1 billion, are in industries that depend in whole or in part on raw materials imported by ship.

On top of that it is estimated that New England's 1956 share of value of U. S. exports alone was \$254 million. And New England shipyards are busy with contracts which are expected to total over \$1 billion for merchant and naval vessels.

While some of New England is due in principle of every other region, foreign trade is vital to economic health and trade is a two-way street, paid by merchant ships.

You cannot dream yourself into a (fantasy) and miss hammer and home one for good. Friends.

ABOUT A DISHPAN

The following editorial is from the Cleveland Plain Dealer:

"Get a load of this, folks. The government has got out a pamphlet on 'Tools for Food Preparation and Dishwashing.' And it contains some information we'll bet you never thought of such as 'Dishpans should be large enough to hold the dishes but not too large for the sink.'"

"Well, what do you know? For years we had a dishpan that wouldn't hold the dinner plates and when we got a new one it was too big to fit in the sink. Now thanks to this advice from Washington, we'll go right out and buy an in-between-size dishpan and see how that works. We never would have solved the problem ourselves. And when it comes time to pay our income tax next year we'll be especially grateful to the bureaucrats who thought this up."

Skills a joy to any man.

TEACHERS CLUB AND P. T. A. TO HOLD JOINT MEETING

The Five Town Teachers, and the Bethel P. T. A. will hold a joint meeting May 20th at 8:00 o'clock when they will have as their guest speaker, Lawrence Stuart, Conservation Education Director of Maine. Mr. Stuart will give an illustrated lecture on Maine's conservation program which is in operation at the Bryant Pond campus. Everyone is invited to attend this fine program.

FREE THE FARMER

The March issue of The Reader's Digest features a challenging article entitled, "Let's Set the Farmer Free." Its author is Earl M. Hughes, a successful Illinois grain and livestock farmer, an agricultural economist of note and a former vice-president of the Commodity Credit Corporation, which handles the government's \$5 billion farm surplus board.

Mr. Hughes' solution to the farm problem is based on abandonment of "the impossible job of trying to legislate farm income through direct price supports." The government's main job, he believes, should be to help find new uses and markets for farm products, and then to turn farmers loose to produce in response to free market prices. And he cites an actual and outstanding example of how, in a free market, food consumption can be increased and diet upgraded.

Here is what he says: "At the sharp break in the price of beef in 1923 there were howls that Congress should fix prices on beef cattle. But most cattlemen figured that the real answer was to sell more beef to the housewife, not to the government. They joined with packers, retailers, farm group and government in an intensive promotion effort. The housewife got a bargain, and we ate our way out of the beef glut. In the past five years beef consumption has jumped from 62 to 85 pounds per person per year. If the government had stepped in to fix prices and control production, we would have had a beef scandal to dwarf the \$50-million-dollar potato fiasco of 1947-51, when millions of bushels were given away or destroyed with kerosene. And we'd have a sick beef industry today."

This isn't theory—it's hard fact. The meat industry has provided us with a blueprint for getting agriculture back on a free enterprise basis of operation—which is the only sound and secure basis.

OXFORD COUNTY WOMEN OBSERVE NATIONAL HOME DEMONSTRATION WEEK

Over 125 women, representing all sections of the county, met at the church in Buckfield to observe National Home Demonstration Week.

The honoring of leaders was the high-light of the program. Certificates of appreciation were given by Mrs. Louise Huff to the Clothing Leaders who held classes on "Shirts for all the Family" during the winter months. 130 shirts were made under the supervision of Mrs. Sophie Hebb, West Peru; Mrs. Alice Hodson, Roxbury; Mrs. Shirley Young and Mrs. Ann Hart, Dixfield; Mrs. Dorothy Henley, Albany; Mrs. Allen Knights and Mrs. Sylvia Scribner, Welchville; Mrs. Marion Bessy, and Mrs. Ethel Purcell, Buckfield; Mrs. Gladys Gurney and Mrs. Marjorie Hill, Norway; Mrs. Rachel MacKay and Mrs. Helen Hillier, Bethel; Mrs. Margaret Barnes, Hiram; Mrs. Mary Johnson, Mexico; Mrs. Louise Huff, South Paris; Mrs. Gladys Conant, Mrs. Jean Jasper and Miss Betty McCreary, Canton; Mrs. Joyce Lamb and Mrs. Mina Baker, West Paris.

Other leaders mentioned helped forward the Extension program by holding meetings with others besides their own Extension groups, were in Weight Control Project. Mrs. Helen Richardson, South Paris; Mrs. Elaine Morse, Waterford; Mrs. Rachel Averill, Dixfield; Mrs. June Swan, E. Bethel; Craft Project meetings were held by Mrs. Edith Ellingwood, South Paris; Mrs. Hella Komulainen, South Paris; Mrs. Rachel MacKay, Bethel; Mrs. Irene Noyes, Roxbury; Mrs. Hazel St. Clair, Brownfield; Mrs. Alice Hodson, Roxbury; Mrs. Helen Pratt, Welchville; Mrs. Frances Saunders, Bethel; Mrs. Christine Masterman, Dixfield; Bread Specialists: Mrs. Mary Johnson and Mrs. Louise Wentzell, Mexico; Mrs. Neleta Noyes of Dixfield, Clothing Meetings: Mrs. Mina Baker, West Paris. Meals for Moderns, blue ribbons were given out by Mrs. Milton Keene, County Food Project Leader. The Community of South Hiram: Mrs. Inna Burgess, Food Project Leader, was awarded \$5.00, the highest award in the county.

Miss Constance Cooper was the featured speaker of the afternoon. She told the group of life in Iraq and of the customs of the people there. Her talk was greatly enjoyed by her audience. She had costumes of the people of Iraq as
